

First name	Surname	Position	Organisation	Research area	Profile Link
Gareth	Ackland	Clinical Professor of Paediatric Medicine	DMU	Outcomes for patients following major surgery	https://www.dmu.ac.uk/about/people/academic-staff/firms/garethackland.html
Amrita	Ahluwalia	Professor of Vascular Pharmacology	DMU	Effects of nitrite and nitrate on the cardiovascular system in health and disease	https://www.dmu.ac.uk/about/people/academic-staff/firms/ahluwaliaamrita.html
Leanne	Aitken	Professor of Critical Care & Associate Dean - Research	City UoL	Critical Care and long term disability	https://www.city.ac.uk/about/people/academic-staff/firms/leannaaitken.html
Chris	Alexander	Senior Lecturer in Physiology/Biochemistry	DMU	Metabolic remodeling in heart failure	https://www.dmu.ac.uk/about/people/academic-staff/firms/chrisalexander.html
Eira	Alosy	Lecturer, Muscular Inflammation and Signaling	DMU	Innate immune mechanisms in inflammatory disorders and immunodeficiency	https://www.dmu.ac.uk/about/people/academic-staff/firms/eiraalosy2.html
William	Alzawi	Professor of Hepatology	DMU	Metabolic liver disease and its phenotypes in South Asian populations	https://www.dmu.ac.uk/about/people/academic-staff/firms/williamalzawi.html
Susan	Ayers	Professor of Maternal and Child Health	City UoL	Mental health in pregnancy and postpartum, transition to parenthood, high risk pregnancies and birth complications; birth trauma	https://www.city.ac.uk/about/people/academic-staff/firms/susanayes.html
Rasim	Aziz	Professor of Neurocardiology	DMU	Brain and autonomic nervous system, neuroimmunology	https://www.dmu.ac.uk/about/people/academic-staff/firms/rasimaziz.html
Frances	Balwell	Professor of Cancer Biology	DMU	Tumour microenvironment	https://www.bartcancer.london.ac.uk/people/frances-balwell/
John	Barbur	Professor of Optics and Visual Science	City UoL	Analysis and understanding of human vision dysfunction to translate fundamental research findings to overcome occupational limitations	https://www.city.ac.uk/about/people/academic-staff/firms/john-barbur
Avlin	Baygan	Reader in Cariology in relation to Minimally Invasive Dentistry	DMU	Optimum methods to manage root caries	https://www.dmu.ac.uk/dentistry/people/profile/avlinbaygan.html
Christopher	Beil	Senior Lecturer in Environmental Genomics	DMU	Understanding the pathophysiology of common and chronic human diseases, by investigating and integrating large scale epigenomic, genomic, and transcriptomic data	https://www.dmu.ac.uk/about/people/academic-staff/firms/christopherbeil.html
Victoria	Beil	Professor of Mental Health Care	DMU	Mental Health Care	https://www.dmu.ac.uk/about/people/academic-staff/firms/victoriabeil.html
Clive	Belling	Reader in Science	DMU	Neuroscience, ageing and cancer	https://www.dmu.ac.uk/about/people/academic-staff/firms/clivebelling.html
Angeliki	Bogdan	Senior Lecturer in Health Psychology	City UoL	Psychological adjustment of individuals and families affected by a long-term health condition, especially neurological disorders	https://www.city.ac.uk/about/people/academic-staff/firms/angeliki.bogdan
Nicola	Borting	Professor of Developmental Disorders	City UoL	Language and communication difficulties	https://www.city.ac.uk/about/people/academic-staff/firms/nicolaborting.html
Miguel	Branco	Reader in Genome Regulation	DMU	Epigenetic regulation of transposable elements and its impact on genome function	https://www.dmu.ac.uk/about/people/academic-staff/firms/miguelbranco.html
John	Bray	Professor of Trauma Science	DMU	Mechanisms and implications of immune dysfunction in major trauma in the immediate posttraumatic period	https://www.dmu.ac.uk/about/people/academic-staff/firms/johnbray.html
Morris	Brown	Clinical Professor of Endocrine Hypertension	DMU	Cardiovascular medicine, Endocrinology	https://www.dmu.ac.uk/about/people/academic-staff/firms/morrisbrown.html
Matthew	Calay	Lecturer in Cell Biology	DMU	skin basement membrane and investigating its role in healthy and damaged skin as well as in skin cancer	https://www.dmu.ac.uk/about/people/academic-staff/firms/matthewcalay.html
Martin	Cartwright	Senior Lecturer in Health Services	City UoL	Developing and evaluating interventions to change patients' or healthcare professionals' behaviour (i.e. medication adherence, appointment attendance, clinical practice)	https://www.city.ac.uk/about/people/academic-staff/firms/martin-cartwright
Mark	Caulfield	Professor of Clinical Pharmacology	DMU	Cardiovascular Genetics	https://www.dmu.ac.uk/about/people/academic-staff/firms/markcaulfield.html
Paul	Chan	Reader in Molecular Endocrinology and Metabolism/ Paediatric Consultant	DMU	Neuroendocrine, adrenal diseases, stress, obesity, food intake, receptor signalling	https://www.dmu.ac.uk/about/people/academic-staff/firms/paulchan.html
Paul	Chapple	Professor of Molecular Cell Biology Deputy Dean for Postgraduate Research	DMU	Cell biology of rare diseases related to	https://www.dmu.ac.uk/about/people/academic-staff/firms/paulchapple.html
Jane	Chudleigh	Reader in Child's Health	City UoL	Communication of genetic information to children and families and associated risk	https://www.city.ac.uk/about/people/academic-staff/firms/jane-chudleigh
John	Connelly	Reader in Bioengineering	DMU	Wound healing, tissue engineering, scarring	https://www.dmu.ac.uk/about/people/academic-staff/firms/john-connelly.html
John	Connelly	Reader in Biomechanics	DMU	How cells within the skin sense and respond to changes in their physical microenvironment	https://www.dmu.ac.uk/about/people/academic-staff/firms/johnconnelly.html
Diana	Cooper	Senior Lecturer in Infection Sciences	DMU	Immunology in genetic deficiency	https://www.dmu.ac.uk/about/people/academic-staff/firms/dianacooper.html
Kessie	Cooper	Senior Lecturer	City UoL	Collaborate with expertise in ethnographic and narrative approaches to studies of medical practice, technoscience, and health inequalities	https://www.city.ac.uk/about/people/academic-staff/firms/kessie-cooper
David	Crabb	Professor of Statistics and Vision Research	City UoL	Measurement in vision: visual fields, imaging, visual function and quality of life, and medical statistics	https://www.city.ac.uk/about/people/academic-staff/firms/davidcrabb.html
Madeline	Cruise	Reader/Associate Professor	City UoL	Working with adults with communication impairments who cannot talk to advocate for themselves to improve outcomes	https://www.city.ac.uk/about/people/academic-staff/firms/madelinecruise.html
Andrew	Cruickshank	Professor of Molecular Pharmacology	DMU	Inflammation, pharmacology, viral mediators, vascular disease, arthritis, bacterial infections	https://www.dmu.ac.uk/about/people/academic-staff/firms/andrewcruickshank.html
Francisco	Chiriac	Professor of Musculoskeletal Regenerative Medicine and Rheumatology	DMU	Regenerative medicine and Rheumatology	https://www.dmu.ac.uk/about/people/academic-staff/firms/franciscochiriac.html
Lucy	Dipper	Reader in Speech and Language Therapy	City UoL	Exploring the best ways to assess and remediate communication disorders	https://www.city.ac.uk/about/people/academic-staff/firms/lucy-dipper
Indeept	Dokal	Chair of Child Health, Honorary Consultant in Haematology and Centre Lead	DMU	Genetics and Bone marrow failure	https://www.dmu.ac.uk/about/people/academic-staff/firms/indeept-dokal.html
Nicholas	Drey	Senior Lecturer in Health Services Research	City UoL	Patient Safety and Research Ethics and Methodology	https://www.city.ac.uk/about/people/academic-staff/firms/nicholas-drey
John	Dubin	Lecturer in Neurology	DMU	Bridges the impact of clinical biology to global health problems arising due to soil, water and foodborne infections	https://www.dmu.ac.uk/about/people/academic-staff/firms/johndubin.html
Philip	Eaton	Professor of Cardiovascular Biochemistry	DMU	Cardiovascular, redox signaling, oxidative stress	https://www.dmu.ac.uk/about/people/academic-staff/firms/philipeaton.html
Gabriella	Fitz	Senior Lecturer, Cancer Epigenetics	DMU	Epigenetic mechanisms	https://www.bartcancer.london.ac.uk/staff/gabriella-fitz/
Sarah	Fisher	Clinical Senior Lecturer in Diabetes Memory Consultant in Diabetes	DMU	Genes & Health, Type 2 diabetes and Multimorbidity	https://www.dmu.ac.uk/about/people/academic-staff/firms/sarah-fisher.html
Judith	Frithwell	Professor of Personalised Cancer Medicine	DMU	Genetics, epigenetics and rare blood cancers	https://www.bartcancer.london.ac.uk/staff/judith-frithwell/
Andreas	Foster	Professor of Paediatrics	DMU	Genetics: E therapy in hard-to-reach populations	https://www.dmu.ac.uk/about/people/academic-staff/firms/andreasfoster.html
Carles	Gasto-Masuet	Senior Lecturer in Genetics and Endocrinology	DMU	Developmental Genetics	https://www.dmu.ac.uk/about/people/academic-staff/firms/carlesgastomasuet.html
Steve	Gillard	Professor of Mental Health	City UoL	Mental health services researcher whose research takes a social and community perspective on mental health	https://www.city.ac.uk/about/people/academic-staff/firms/stevegillard.html
Kevin	Givayimani	Professor of Neurology	DMU	Clinical neurology and neuro-immunology	https://www.dmu.ac.uk/about/people/academic-staff/firms/kevingivayimani.html
Trevor	Graham	Professor of Cancer Evolution	DMU	Cancer genomics and cancer evolution	https://www.bartcancer.london.ac.uk/staff/trevor-graham/
Yasser	Griffin	Chair of Bone and Joint Health	DMU	Clinical and cost effectiveness of new and existing treatments to improve bone and joint health and has been cited by the National Institute of Clinical Excellence	https://www.dmu.ac.uk/about/people/academic-staff/firms/yasser-griffin.html
Jonathan	Grigg	Professor of Paediatric Respiratory and Environmental Medicine	DMU	Asthma, air pollution in paediatric populations	https://www.dmu.ac.uk/about/people/academic-staff/firms/jonathangrigg.html
Richard	Grigg	Professor of Cancer Cell Biology	DMU	Cell signalling and 3D cancer models	https://www.bartcancer.london.ac.uk/staff/richard-grigg/
Paul	Hadden	Reader in Cancer Gene Therapy	DMU	Genetic viruses	https://www.bartcancer.london.ac.uk/staff/paul-hadden/
Angela	Harden	Professor of Health Sciences	City UoL	Social science, public health, health promotion and health inequalities	https://www.city.ac.uk/about/people/academic-staff/firms/angela-harden@que-link
Lucy	Henry	Professor of Speech and Language	City UoL	Memory and executive skills in children with developmental conditions	https://www.city.ac.uk/about/people/academic-staff/firms/lucyhenry.html
Rian	Henson	Reader in Immunology	DMU	Ageing and T cell immunity	https://www.dmu.ac.uk/about/people/academic-staff/firms/rianhenson.html
John	Henson	Reader in Immunology	DMU	Impacts the degradation of cell metabolism during human ageing and how to maintain an inflammatory/detoxifying state	https://www.dmu.ac.uk/about/people/academic-staff/firms/johnhenson.html
Rosalind	Herman	Professor of Child Language and Deafness	City UoL	Language development in British Sign Language (BSL) and communication and reading in deaf people	https://www.city.ac.uk/about/people/academic-staff/firms/rosalindherman.html
Katerina	Hilari	Professor of Acquired Communication Disorders	City UoL	Mental health, outcomes and intervention development and effectiveness for acquired communication disorders in under-represented groups	https://www.city.ac.uk/about/people/academic-staff/firms/katerina-hilari
Shaoh	Hilari	Senior Lecturer in Health Services Research	City UoL	Behavioural Medicine and self management of long-term conditions and care of aged population	https://www.city.ac.uk/about/people/academic-staff/firms/shaoh-hilari
Kaibaban	Hodvicka-Dikil	Professor of the Tumour Microenvironment	DMU	Tumour microenvironment discovery research	https://www.bartcancer.london.ac.uk/staff/professor-kaibaban-hodvicka-dikil/
Chris	Hodson	Professor of Genetic of Vision	DMU	Visual genetic and clinical science to improve diagnostics due to vision impairment	https://www.dmu.ac.uk/about/people/academic-staff/firms/chris-hodson.html
Iyivi	Hunters	Senior Lecturer in Optometry	City UoL	Optometry including complex management, contact lenses, dry eye disease	https://www.city.ac.uk/about/people/academic-staff/firms/iyivi-hunters.html
Stavroula	Ikanoni	Lecturer in Nutritional and Cardiovascular Health	DMU	Genetic architecture of complex traits, the biological links between diet/lifestyle and cardiometabolic traits, as well as the interplay of genetic predisposition and nutritional parameters for cardiovascular health	https://www.dmu.ac.uk/about/people/academic-staff/firms/stavroulaikanoni.html
Paul	Kelly	Professor of Tropical Gastroenterology	DMU	Emergence in adults and children with malnutrition in Africa	https://www.dmu.ac.uk/about/people/academic-staff/firms/paul-kelly.html
David	Kerridge	Professor of Human Molecular Genetics	DMU	Rare skin disease syndrome, autoimmune biology, ophthalmology	https://www.dmu.ac.uk/about/people/academic-staff/firms/davidkerridge.html
Andrew	Knowles	Professor of Surgery, Director of Hospital Bowel Research Centre	DMU	Functional colorectal and pelvic floor disorders, including rare gastrointestinal neuromuscular dysfunction	https://www.dmu.ac.uk/about/people/academic-staff/firms/andrew-knowles.html
Hemanth	Kocher	Professor of Liver & Pancreas Surgery	DMU	Pancreatic cancer, liver metastases, tumour-stroma interactions, bio-markers, clinical trials, surgery	https://www.bartcancer.london.ac.uk/staff/hemanth-kocher/
Marta	Korobitsin	Professor of Endocrinology and Deputy Director of the Wellb	DMU	Endocrinology, genetics, rare diseases	https://www.dmu.ac.uk/about/people/academic-staff/firms/martakorobitsina.html
Kamil	Kranz	Chair of Haematology, Deputy Centre Lead	DMU	Haematology, stem cell biology	https://www.bartcancer.london.ac.uk/staff/professor-kamil-kranz/
John	Krenke	Professor of Molecular Oncology	DMU	Genomics and molecular pathology of pancreatic cancer and the development of synthetic virotherapy	https://www.bartcancer.london.ac.uk/staff/professor-john-krenke.html
Paula	Lough	Reader in Dermatologic Cell Biology	DMU	Adaptive immunity in metabolic syndrome	https://www.dmu.ac.uk/about/people/academic-staff/firms/paulalough.html
Federica	Marelli-Berg	Bol Professor of Cardiovascular Immunology and Centre Lead of Biochemical Pharmacology	DMU	Inflammatory Cardiomyopathies, Immunosuppression	https://www.dmu.ac.uk/about/people/academic-staff/firms/marelli-bergfederica.html
Silvia	Marino	Professor of Neurobiology	DMU	Brain tumours, epigenetic mechanisms, models	https://www.dmu.ac.uk/about/people/academic-staff/firms/silviamarino.html
Charles	Marshall	Clinical Senior Lecturer in Neurology (Dementia)	DMU	Predicting and preventing dementia through improved understanding of the causes	https://www.dmu.ac.uk/about/people/academic-staff/firms/charles-marshall.html
Joseph	McCarthy	Reader in Cancer Cell Biology	DMU	Genome stability	https://www.bartcancer.london.ac.uk/staff/joseph-mccarthy/
Rose	McCabe	Professor of Clinical Communication	City UoL	Mental Health in hard-to-reach populations	https://www.city.ac.uk/about/people/academic-staff/firms/rose-mccabe
Kieran	McCafferty	Senior Lecturer	DMU	Diabetic kidney disease and haemodialysis	https://www.dmu.ac.uk/about/people/academic-staff/firms/kieran-mccafferty.html
Sarah	McClelland	Senior Lecturer, Chromosomal Instability	DMU	Chromosomal instability	https://www.bartcancer.london.ac.uk/staff/sarah-mcclelland/
Peter	McComick	Reader in Molecular Pharmacology	DMU	Stromal cell-derived factor-1 (SDF-1) receptor signalling	https://www.dmu.ac.uk/about/people/academic-staff/firms/peter-mccormick.html
Christina	McGowan	Professor of Maternal Health	City UoL	Etiology of health, maternal and child health, equality of access to and quality of care for marginalised and seldom heard populations, decolonising health research, models of maternity care	https://www.dmu.ac.uk/about/people/academic-staff/firms/christinamcgowan.html
Emmon	McIntosh	Senior Lecturer in Health Services Research	City UoL	Social Anthropological investigation of inequalities, sexual health, art and health and social inclusion	https://www.city.ac.uk/about/people/academic-staff/firms/emmon-mcintosh
Aine	McKnight	Professor of Viral Pathology	DMU	Pathology, immunity to, and tropism of viral infections including HIV and SARS-CoV-2	https://www.dmu.ac.uk/about/people/academic-staff/firms/ainemcknight.html
Lou	McNeff	Professor of Endocrine Genetics	DMU	Rare disease/genetic medicine - Adrenal insufficiency	https://www.dmu.ac.uk/about/people/academic-staff/firms/loumcneff.html
Chris	McNeff	Senior Lecturer in Public Health	City UoL	Different facets of the global mental health landscape	https://www.city.ac.uk/about/people/academic-staff/firms/chris-mcneff.html
Gian	Morgan	Professor of Psychology	City UoL	Childhood deafness, language acquisition, ageing and gesture and cognitive development in children and adults with language difficulties	https://www.city.ac.uk/about/people/academic-staff/firms/gianmorgan.html
Dylan	Morrison	Professor of Sports and Musculoskeletal Physiotherapy	DMU	Sports and Exercise Medicine	https://www.dmu.ac.uk/about/people/academic-staff/firms/dylanmorrison@dmu.html
Patricia	Murree	Professor of Molecular Medicine	DMU	Cardiovascular genetics - gene discovery, functional analyses and risk prediction	https://www.dmu.ac.uk/about/people/academic-staff/firms/patriciamurree.html
Ether	Murray	Lecturer in Health Psychology	DMU	Social inequalities in health, wellbeing in medical students and doctors, and doctor-patient communication	https://www.dmu.ac.uk/about/people/academic-staff/firms/ethermurray.html
Geetha	Muthiah	Senior Lecturer in Health Services Research	DMU	How maternal microbiome can influence T cell response and how this infection can regulate placental development	https://www.dmu.ac.uk/about/people/academic-staff/firms/geethamuthiah.html
Tom	Nightingale	Lecturer in Cell Biology	DMU	Cell biology of endothelial cells during injury and inflammation	https://www.dmu.ac.uk/about/people/academic-staff/firms/tom-nightingale.html
Dean	Nisic	Professor of Cell and Molecular Biology	DMU	Ageing, cancer, neurodegeneration through understanding of Down syndrome, Human iPSC, disease modelling	https://www.dmu.ac.uk/about/people/academic-staff/firms/deannisic.html
Susan	Nourbarg	Professor of Microvascular Pharmacology and Immunopharmacology	DMU	Impact of vascular ageing on immune cell trafficking and mechanisms of systemic inflammation	https://www.dmu.ac.uk/about/people/academic-staff/firms/susan-nourbarg@dmu.html
Chloe	Okin	Professor of HIV Medicine	DMU	Clinical trials in the development of novel anti-retroviral therapy and novel anti-retroviral strategies; and blood borne virus testing	https://www.dmu.ac.uk/about/people/academic-staff/firms/chloe-okin.html
Ryan	O'Keefe	Senior Lecturer in Cell Biology	DMU	Endosomal traffic control, skin disease and cancer	https://www.dmu.ac.uk/about/people/academic-staff/firms/ryanokeefe.html
Evel	O'Toole	Professor of Molecular Dermatology	DMU	Skin biology, rare disease, atopic eczema	https://www.dmu.ac.uk/about/people/academic-staff/firms/evel-otoole.html
Rupert	Pearce	NIHR Professor of Intensive Care Medicine	DMU	Improving patient outcomes following major surgery, and has led numerous large multi-centre randomised trials, epidemiological studies and mixed methods research projects	https://www.dmu.ac.uk/about/people/academic-staff/firms/rupertpearce.html
Daniel	Pennington	Professor of Molecular Immunology	DMU	T cell development and immune responses to human disease	https://www.dmu.ac.uk/about/people/academic-staff/firms/danielpennington.html
Geoffrey	Pennington	Professor of Respiratory Medicine	DMU	Genetic epidemiology, epidemiology, health economics	https://www.dmu.ac.uk/about/people/academic-staff/firms/geoffrey-pennington.html
Constantino	Perrais	Professor of Rheumatology, Head of Centre for Experimental Medicine and Rheumatology	DMU	Advanced phenotyping in Rheumatology and inflammation	https://www.dmu.ac.uk/about/people/academic-staff/firms/constantinoperrais.html
Andrew	Pendergast	Professor of Paediatric Infection and Immunology, Wellcome Trust Senior Clinical Fellow	DMU	Global health, Malnutrition, HIV, infectious diseases	https://www.dmu.ac.uk/about/people/academic-staff/firms/andrew-pendergast.html
Deban	Petrie	Professor of Social and Community Psychiatry	DMU	Social Psychiatry, mental health in deprived populations	https://www.dmu.ac.uk/about/people/academic-staff/firms/debanpetrie@dmu.ac.uk
John	Prawa	Senior Clinical Lecturer in Intensive Care Medicine	DMU	Pathogenesis, Diagnosis and Treatment and Outcomes of Acute Kidney Injury, Continuous Renal Replacement Therapies in the ICU, Fluid Therapy and Medical Complications of Major Surgery	https://www.dmu.ac.uk/about/people/academic-staff/firms/johnprawa.html
Stephen	Rayburn	Senior Clinical Lecturer in Intensive Care Medicine	DMU	Prevention and secondary prevention of acquired functional disability following critical illness	https://www.dmu.ac.uk/about/people/academic-staff/firms/stephenrayburn.html
Christian	Reynolds	Senior Lecturer in Food Policy	City UoL	Global expert on food loss and waste and sustainable diets	https://www.city.ac.uk/about/people/academic-staff/firms/christian-reynolds
Antal	Rot	Professor - Wellcome Trust Investigator and Chair in Inflammation Sciences Versus Arthritis	DMU	Experimental Pathology and the effect of rare African genotypes on immune function	https://www.dmu.ac.uk/about/people/academic-staff/firms/antalrot.html
Kevin	Rouault-Pierre	Lecturer	DMU	Haematopoietic stem cells and leukemic initiating cells	https://www.bartcancer.london.ac.uk/staff/kevin-rouault-pierre/
Helen	Rose	Lecturer in Epigenetics	DMU	Epigenetic regulation of immune genes	https://www.dmu.ac.uk/about/people/academic-staff/firms/helenrose.html
John	Rosow	Professor of Community Health	City UoL	Internal and young people, interventions to improve access to health and social care, reduce inequalities and improve outcomes for those from disadvantaged backgrounds	https://www.city.ac.uk/about/people/academic-staff/firms/johnrosow.html
Mandie</
